VENUES

The Wedding Gazebo

The Lighthouse Gazebo

As if named specifically for your special moment together, the Wedding Gazebo peacefully overlooks the turquoise waters of the ocean. Two sections of seating for both families extend out from the outdoor rotunda, providing an ample view of both you and the outstretching beach that lies ahead.

The Manor House

The Colonial-style Manor House opens the doors to a fashionable ceremony accompanied by the charm of Caribbean architecture. Here, balconies elevate the ceremony as your storybook fairy tale surrounds itself with a sensational, open-floor setting decorated with Bahamian personality.

The Lanai Lawn

A setting as romantic as the promise made on it, the Lighthouse Pointe Beach is an expanding stage inspired by the ideal dream wedding. Walk barefoot down an aisle of soft sand as our never-ending horizon completes the scene of picturesque perfection.

The Great Lawn

For larger events, the spacious Great Lawn epitomizes the quintessential tropical outdoor wedding. The outstretched ocean blues pair with our lush green lawn for a classic setting. You can say "I Do" surrounded by Grand Bahama Island's favorite scenic backyard.

The Pavilion

An inviting enclosure surrounded by clear windows that look out into the beautiful backdrop of Grand Bahama Island, The Pavilion inspires each and every event with lush scenery in all directions. Designed for couples who wish for an inside ceremony, the Pavilion features a carpeted main floor perfect for an indoor wedding or reception.

The Convention Center

Our sprawling Conference Center offers 40,000 sq. ft. of interior space for even the most magnificent celebrations. Inside, the Grand Ballroom becomes a stage for two, with more than enough seating to comfortably accommodate up to 2,100 audience members.
